# Index
# VOLUME 18 (1987)

Abdominal injury, penetrating, a retrospective study of patients suffering evisceration following – disembowelment, 286
Abstracts, 75, 142, 220, 294, 363, 432
Accident and emergency department, how accurately are fractures of the skull diagnosed in, 319
Accident cases, mistakes in treatment of, before reaching hospital, 18
Acromioclavicular dislocation, chronic, operative treatment of, 51
Al-Awami S. M., Sadat-Ali M. and Sankaran-Kutty M.: Arterial injury complicating fracture of the fibula: a case report, 214
Alcohol, unemployment and injury in West Belfast, 313
Allen M. J.: *see* Reichl M.
Amir D.: *see* Pogrund H.
Amputation versus preservation: treatment in serious lower limb injuries, 21
Anda O.: *see* Wiig J. N.
Andenaes K.: *see* Wiig J. N.
Andrivet P.: *see* Herve C.
Ankle fractures, soft tissue swelling following, 401
Ankle, unstable fractures of, treatment of, in the elderly, 128
Ankylosing spondylitis, fracture of the dens in, 213
Ano-rectal trauma causing pneumoretro peritoneum and subcutaneous emphysema, 426
Appendicectomy following plate-glass injury, 414
Arterial injury complicating fracture of the fibula: a case report, 214
Arthroplasty, second, of the knee combined with medullary nailing for non-union of fracture of the femur: a case report, 211
Aspiration, benefit of – fractures of the radial head: a prospective controlled trial, 44
Athlete, shotput, fracture of the humerus in, 68
Athletes, the acromial end of the clavicle in, resection of the lateral end of the clavicle following osteolysis, with emphasis on non-traumatic osteolysis of, 261
Auscultation, diagnostic, of fractures, use of tuning fork in, 63
Axillary artery, false aneurysm of, as a complication of the modified Bristow procedure, 427
Axis, traumatic spondylolisthesis of the, 333
